5 (4) Allocation and creation of units

The Company operates one pool of assets for each internal linked fund.

Asset units are created and cancelled at either the asset offer price or the asset bid price depending upon the prevailing basis of the fund and using the most recently available price. The pricing basis is set depending upon the short and medium term expectation of whether the associated internal linked fund will be in a net inflow or outflow position.

Where an instruction, payment or all our requirements are received for a transaction before 8:00am on a business day, then units are allocated at the unit price based upon market movements up to 11:00pm on the previous business day. Where the instruction, payment or all our requirements are received after 8:00am then units are allocated at the next available unit price. The Company reserves the right to defer any transaction to a subsequent valuation point.

(5) Provision for tax on realised and unrealised capital gains

The provision for tax is calculated on a daily basis from the movements in realised and unrealised gains or losses, using tax rates reflecting the expected tax payable or recoverable. The tax rate used will normally be the current standard rate of income tax. If the fund is in a loss position some credit for losses may be given. For unrealised gains on some funds this rate is discounted to allow for the anticipated turnover. Deemed disposal rules are allowed for in the calculation of provisions for unit trusts and other collective investments.

The suitability of the provision level and rate of tax applied are reviewed from time to time, as information on actual gains or losses becomes available. Assets are transferred between the internal linked funds and the Company to meet an appropriate share of the tax charge.

Respective responsibilities of the company and its auditors

The company is responsible for the preparation of an annual return (including the Forms, statement and certificate) under the provisions of the Rules. Under rule 9.11 the Forms and statement are required to be prepared in the manner set out in the Rules and to state fairly the information provided on the basis required by the Rules.

It is our responsibility to form an independent opinion as to whether the Forms and statement meet these requirements, and in the case of the certificate whether it was or was not unreasonable for the persons giving the certificate to have made the statement therein, and to report our opinions to you. Our responsibilities, as independent auditors, are established in the United Kingdom by Statute, the Auditing Practices Board and by our profession's ethical guidance.

Bases of opinions

We conducted our work in accordance with Practice Note 20 "The audit of insurers in the United Kingdom" issued by the Auditing Practices Board. Our work included examination, on a test basis, of evidence relevant to the amounts and disclosures in the Forms and statement. The evidence included that previously obtained by us relating to the audit of the financial statements of the company for the financial year on which we reported on 22 March 2004. It also included an assessment of the significant estimates and judgements made by the company in the preparation of the Forms and statement.

We planned and performed our work so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Forms and statement are free from material misstatement, whether caused by fraud or other irregularity or error, and comply with rule 9.11.

In the case of the certificate, the work performed involved a review of the procedures undertaken by the signatories to enable them to make the statements therein, and does not extend to an evaluation of the effectiveness of the company's internal control systems.

In giving our opinion we have relied on the certificate of the actuary on page 39 with respect to the mathematical reserves and the required minimum margin.

Opinions

In our opinion:

- (a) the Forms and statement fairly state the information provided on the basis required by the Rules and have been properly prepared in accordance with the provisions of those Rules; and
- (b) according to the information and explanations received by us:
 - (i) the certificate has been properly prepared in accordance with the provisions of the Rules; and
 - (ii) it was not unreasonable for the persons giving the certificate to have made the statements therein.
