

**Pillar 3 Remuneration Disclosure  
for Aviva Wrap UK Limited and Aviva Investment Solutions UK Ltd for the 2018 Performance  
Year (01/01/2018 – 31/12/2018)**

**Section 1: Governance of the Remuneration Policy**

This document sets out the remuneration disclosures required pursuant to Article 450 of the Capital Requirements Regulation, relating to the Identified Staff of the following entities:-

- Aviva Wrap UK Limited (WRAP)
- Aviva Investment Solutions UK Ltd (AISUK)

These two firms within the UK & Ireland Life business are subject to the Capital Requirements Directive IV (CRD IV) and the FCA Remuneration Code (SYSC 19A). The principal activity of both firms is the sale of units in authorised unit trusts, shares in open ended investment company (OEICs) sub-funds, and the management of Individual Savings Accounts. Both firms are designated as a level three organisation as defined in the Remuneration Code.

**1. Decision-Making Process**

a) Composition and Mandate of the Remuneration Committee

Remuneration at WRAP and AIS is governed by Aviva's Group Remuneration Committee 'The Committee' which meets regularly to consider issues relating to the remuneration policy and structures for the Aviva Group including the terms of annual bonus and long-term incentive plans and individual remuneration packages for all employees to which the Remuneration Code applies.

The Committee met seven times during 2018, of which four were scheduled meetings and three were additional meetings outside of the normal timetable.

The Group Chairman attended all meetings of the Committee. The Group General Counsel and Company Secretary acted as secretary to the Committee. The Chair of the Committee reported to subsequent meetings of the Board on the Committee's work and the Board received a copy of the agenda and the minutes of each meeting of the Committee.

The Committee received assistance in considering executive remuneration from:

- the Group Chairman;
- the Group CEO;
- the Chief People Officer;
- the Group Reward Director;
- the Chief Accounting Officer;
- Chief Capital Officer; the Chief Executive Officer – Aviva Investors;
- the Chief Audit Officer;
- the Chief Financial Officer;
- the Remuneration Committee Chair of Aviva Investors;
- the Reward Director, Aviva Investors;
- the Group Chief Risk Officer; and  
the Chief Accounting Officer

These people attended meetings by invitation during the year. No person was present during any discussion relating to their own remuneration.

Full details of the Committee including its terms of reference can be found here:

b) The decision-making process used for determining the remuneration policy

The Committee approves the Remuneration Policy Statements for WRAP and AIS. They consider the alignment between Group strategy and the remuneration of its Code Staff as critical. Our Remuneration Policy provides market competitive remuneration, and incentives Code Staff to achieve both the annual business plan and the longer-term strategic objectives of the Group. Significant levels of deferral and an aggregate shareholding requirement align the interests of Code Staff to those of shareholders and aid retention of key personnel. As well as rewarding the achievement of objectives, variable remuneration can be zero if performance thresholds are not met

c) External Consultants

During the year, the Committee received advice on executive remuneration matters from Deloitte LLP who were appointed by the Committee on 4 December 2012. They are a member of the Remuneration Consultants' Group and adhere to its Code of Conduct. The Group received advice on taxation, financial due diligence, risk, compliance and other consulting advisory services (including technology, transformation and cyber) In addition Tapestry Compliance LLP, appointed by the Company, provided advice on share incentive plan related matters, including on senior executive remuneration matters and views on shareholder perspectives.

d) Mandate of the Remuneration Committee

The Remuneration Committee takes full account of the company's strategic objectives in setting remuneration policy and is mindful of its duties to shareholders and other stakeholders.

The Remuneration Policy was approved by shareholders in 2018. Through consultation, shareholders and key stakeholders have given support for our approach for this three year policy period. We are committed to paying for performance, and not paying excessively. We are also committed to ensuring pay outcomes are linked to the experience of our shareholders and reflect the effectiveness of risk management.

During 2018, the Committee Chair met with key investors and stakeholders as part of the ongoing programme of engagement on remuneration and reported back to the Committee on these meetings.

## **2. Link between pay and performance**

### Performance Measures

For the annual bonus, performance measures are chosen to align to the Group's KPIs and include financial, risk, employee and customer measures. Achievement against individual strategic objectives is also considered.

Long Term Incentive performance measures are chosen to provide an indication of both absolute and relative return generated for shareholders. In terms of target setting, a number of reference points are taken into account each year including, but not limited to, the Group's business plan and external market expectations of the Company. Maximum payouts require exceptional performance that significantly exceeds performance targets or expected performance, under both the annual bonus and Long Term Incentive.

Senior management objectives and pay decisions were determined by the Remuneration Committee as follows:-

- ▶ Formulated and delivered a proposed new Executive Directors' ("EDs") Remuneration Policy (approved by shareholders at the 2018 AGM).
- ▶ Benchmarked, reviewed and set salaries for the EDs and the Group Executive ("GE") members from 1 April 2018.
- ▶ Reviewed and approved the key individual objectives for each member of the GE (now Aviva Leadership Team)
- ▶ Reviewed and approved the Group bonus pools, taking into account performance against financial metrics and non-financial modifiers relating to employee engagement, customer and risk outcomes.
- ▶ Reviewed performance testing of all existing LTIP awards, and approved targets for the 2018 LTIP awards.
- ▶ Approved vesting of the 2015 LTIP.
- ▶ Ensured that remuneration outcomes were aligned with delivery against the strategic anchor, long-term sustainable growth, shareholder experience and the risk profile of the Group.
- ▶ Continuously reviewed quality of earnings and alignment of accounting decisions ensuring appropriate remuneration outcomes.
- ▶ Considered and agreed the remuneration package for the departing Group CEO and associated regulatory disclosures.

## **Section 2: Remuneration System Design**

### **3. Design Characteristics and Performance Criteria**

#### a) Key Principles of our approach to remuneration

The remuneration framework is based on a total reward approach and is designed to achieve alignment with Aviva's business strategy. Remuneration packages are leveraged, with a suitable percentage of pay 'at risk' against the achievement of stretching goals, which is aligned with the Company's risk profile and employee behaviour

#### b) Components of Compensation

There are four components of pay:

- Basic Salary – set within an appropriate market range, which is sufficient to allow the possibility, where performance so warrants, that an employee may receive no variable pay.
- Annual bonus – a discretionary short term incentive plan where individuals have the opportunity to receive a bonus (which may be subject to deferral into Group shares for up to 3 years) based on business and individual performance against targets. The extent to which each aspect of performance affects the overall payment level depends on the role and responsibilities of the individual. Company and Individual performance are measured against objectives built under Financial, Customer and People headings.
- Long Term Incentive Plan – is intended to reward the achievement of the Company's longer-term objectives, to aid the retention of our key people and to align the interests of our senior managers with those of our shareholders. LTIP awards to the Group Executive are made as performance shares, which are forward-looking in nature, taking into account performance (Total Shareholder Return and Return on Equity) of the Company over the three years (the "performance period"). LTIP awards below the Group Executive are made as restricted stock units, with no additional performance conditions.
- Benefits in Kind – standard benefits are provided that are appropriate to the market.

c) Criteria used for performance measurement

The key priorities identified in 2018 were:

- The UK Corporate Governance Code.
- CEO pay ratio.

These were reflected in the bonus scorecard against which performance was assessed, comprising:

Financial and non-financial performance metrics

- Operating profit
- Cash remittances
- Operating capital generation
- Value of New Business
- Strategic Progress
  - MyAviva active registration
  - Digital Revenue

Non-financial modifiers

- Employee engagement (performance against internal employee engagement survey)
- Customer (performance against our Relationship Net Promoter Score targets and our overall focus on customer outcomes)
- Risk & Controls (specific risk and control objectives for senior management and Executive Directors. The aim is to help drive and reward effective risk management and a robust control environment across the Group)

While the modified outcome against the bonus scorecard provides a pool of funding for bonuses, actual bonus decisions are made based on: individual contribution and achievements, how the person has assisted the Group and/or business achieve progress against its strategic objectives, the leadership they have exhibited, performance against Risk and Control objectives and how the individual has demonstrated the Aviva values.

d) Code of Conduct

Aviva believes in rewarding strong performance and achievement of our business and individual goals, however, the manner in which these goals are achieved is also important. We do not consider it appropriate to reward people who have engaged in inappropriate behaviour or conduct which is not in line with Aviva's values.

e) Malus and Clawback

The circumstances when malus and clawback may apply include (but are not limited to) where the Committee considers that the employee concerned has been involved in or partially or wholly responsible for:

- A materially adverse misstatement of the Company's financial statements, or a misleading representation of performance; or
- A significant failure of risk management and/or controls;
- A failure to meet appropriate standards of fitness and propriety;
- A material corporate failure in any Group member;
- A material error in the calculation of a financial or non-financial performance metric used to determine the outcome of Variable Pay;

- A scenario or event which causes material reputational damage to the Company;
- Misconduct which, in the option of the Committee, ought to result in the complete or partial lapse of an award;
- An evidence of employee conduct that justifies summary termination of employment, irrespective of whether the employee is still employed by Aviva.
- Any other circumstances required by relevant local regulatory obligations.

All variable pay granted or paid to any Group employee is subject to malus and clawback, in accordance with the Company's Malus and Clawback Policy. This includes the cash and deferred elements of the annual bonus and long term deferred awards.

### **Section 3: Quantitative Information**

#### **4. Code Staff criteria**

The following groups of employees have been identified as meeting criteria for Code Staff:
