Resolution Limited

2012 Preliminary Results
26 March 2013
Important notice

This presentation has been prepared by Resolution Limited for information purposes only and is the sole responsibility of Resolution Limited.

This presentation does not constitute of form part of an offer to sell or invitation to purchase any securities of Resolution Limited or any other entity or person, and no information set out or referred to in this presentation is intended to form the basis of any contract of sale, investment decision or decision to purchase any securities in any entity or person.

Recipients of this presentation in jurisdictions outside the United Kingdom should inform themselves about and observe any applicable legal requirements in their jurisdictions. In particular, the distribution of this presentation may in certain jurisdictions be restricted by law. Failure to comply with any such restrictions and requirements may constitute a violation of the securities laws of any such jurisdiction. Accordingly, recipients represent that they are able to receive this presentation without contravention of any applicable legal or regulatory restrictions in the jurisdiction in which they reside or conduct business.

The merits or suitability of any securities of Resolution Limited must be determined independently by any recipient of this presentation on the basis of its own investigation and evaluation of Resolution Limited. Any such determination should involve, among other things, an assessment of the legal, tax, accounting, regulatory, financial, credit and other related aspects of the securities. Recipients are recommended to seek their own financial and other advice and should rely solely on their own judgment, review and analysis in evaluating Resolution Limited, its business and its affairs. Past performance is not indicative of future performance.

Statements in this presentation may constitute “forward-looking statements”. By their nature, forward-looking statements involve risks and uncertainties because they relate to events, and depend upon circumstances, that may or may not occur in the future. Forward-looking statements are not guarantees of future performance. Resolution Limited's actual performance (including the results of operations, internal rate of return, financial condition, liquidity and distributions to shareholders) may differ materially from the impression created by any forward-looking statements contained in this presentation. Such factors include, but are not limited to, future market conditions, including fluctuations in interest rates and exchange rates and the potential for a sustained low-interest rate environment, and the performance of financial markets generally; the policies and actions of regulatory authorities, including, for example, new government initiatives related to the financial crisis and the effect of the European Union’s ‘Solvency II’ requirements on Resolutions Limited’s capital maintenance requirements; the impact of competition, economic growth, inflation, and deflation; experience in particular with regard to mortality and morbidity trends, lapse rates and policy renewal rates; the timing, impact and other uncertainties of future acquisitions or combinations within relevant industries; the impact of changes in capital, solvency standards accounting standards or relevant regulatory frameworks, and tax and other legislation and regulations in the jurisdictions in which Resolution Limited and its affiliates operate; and the impact of legal actions and disputes. Any forward-looking statements in this presentation are current only as of the date of this presentation, and Resolution Limited undertakes no obligation to update any such forward-looking statements. Nothing in this announcement should be construed as a profit forecast.

For the purposes of this notice, “presentation” shall mean and include the slides that follow, any oral presentation of the slides, any question-and-answer session that follows any such oral presentation, hard copies of this document and any materials distributed at, or in connection with, any such oral presentation.

1. As at January 2013, assuming recapture of fixed interest assets on which notice already served
2. 2010 figure includes BHA and WLUK entities not acquired until 201
3. Assumes completion of additional Part VII transfers
Profitable new business
UK division on track to meet 2013 targets

UK strategy is to focus on:
- Attractive markets
- where we have a sustainable competitive advantage
- and which can deliver cash and returns to shareholders

Key drivers:
- Strong, profitable propositions
- Migrate to efficient platforms / build capability
- Strong distribution franchises

New Business Cash Strain, £m

1. 2010 figures are annualised baseline for the most relevant products, as the divisional structure did not exist at that time
UK division – Protection
Market leading proposition underpinned by low cost base and strong distribution relationships

Market Outlook

Good margins, but constrained by economy; some RDR impetus

Our strategic positioning

Top 4 player across individual and group protection, focused on profitable CI / IP market segments

Maintain high quality CI / IP offers

- Sustained proposition innovation in 2012, with strong pricing discipline

![Cover Excellence Awards 2012](image1)

Migrate to low cost platforms

- Migration to target platforms complete; market-leading cost efficiency

Resolution

FriendsLife
UK division – Corporate Benefits
Market leading proposition on cost-efficient platform with auto-enrolment growth prospects

**Market Outlook**

Strong growth from DB to DC and auto-enrolment; RDR changes competition basis

**Our strategic positioning**

No. 2 player in market; focus on existing customers and selective new schemes

**Strong customer and distributor propositions**

- Awarded Gold Standard for group pensions
- Strong growth

**Scale on cost-efficient platforms**

- 80% of assets on target platform, with cost efficiency competitive with best in market\(^1\)
- Significant reduction in sales and marketing costs

**Making the most of auto-enrolment**

- We expect c.60% of our existing schemes staging in 2013 to auto-enrol with Friends Life
- Expect 150,000 new members in 2013 (mainly in H2) on top of c.1 million existing
- Profits highly geared to volumes, as costs are largely fixed or scheme related

\(^1\) Oliver Wyman, November 2011

![Graphs showing AUM and VNB growth, sales and marketing costs reduction](image)
UK division – Retirement Income
Significant growth potential through investment in propositions and customer engagement

Market Outlook

Strong growth fuelled by ageing population and growing DC assets; drive to more transparency

Our strategic positioning

£2bn p.a. maturing pensions, c.11% of total market

Building market leading propositions

- Lifestyle annuity launched
- Open market sales $\text{Open market sales}^1$
- Strong growth APE, £m
- VNB, £m
- +38%
- +84%

APE, £m

VNB, £m

Establishing risk-based pricing and investment capabilities

- Conservative pricing strategy during uncertain fixed income markets
- Strong longevity capability supports risk-based pricing
- Building fixed interest and other asset class strategies

Developing customer engagement and OMO capability

- New online / telephony customer support centre and communications
- c.60% retention of retiring customers engaged in pilots
- OMO set for launch in H2 2013

1. ABI/MSE ©2013 Association of British Insurers

Resolution

FriendsLife
**Profitable new business**

*International division has attractive core franchises; impact of market exits within guidance*

### Core markets

- **Lombard**
  - UHNW estate & succession planning

- **FPI**
  - Domestic affluent in Asia
  - Global expatriates

### Closed / exiting

- **FPI non-core**
  - Germany / OLAB
  - Japan
  - Corporate pensions

- **AmLife**
  - Sold at 1.3x EV (£50m)

---

1. 2012 Core SFS comprises Lombard £(4)m and Core FPI £30m
2. Dividends will normally be paid to Group in following year, following subsidiary AGM approval, and subject to meeting other legal and financial requirements at the time.
International division – FPI
Cash delivery through asset growth, strong propositions, cost efficiency and distribution franchises

Market Outlook

Strong growth in Asian domestic affluent and global expatriate markets

Our strategic positioning

Top 3 IFA player in HK and Middle East; 20%+ market share in target markets

Strong ongoing product innovation with capital efficiency

- Rated No. 1 for products and features in Middle East and Asia in 2012

Reshape operating model and reduce costs

- Implemented new ‘lean’ front office organisation and new service model
- Target 20% headcount reduction

Strengthen distribution franchises in attractive, low risk markets

- Rated 1st for penetration of distributors in Asian expatriate and Middle East IFA markets
- Building relationships with bank wealth arms

1. Out of 10 providers (NMG Consulting study, 2012: Middle East 20 respondents; Asia 88 respondents)
2. Out of 10 providers (NMG Consulting study, 2012 - Relationship citations by distributors: Middle East 100% out of 20 respondents; Asia 74% out of 88 respondents)
International division – Lombard
Cash dividends delivered through strong private bank asset growth and reducing costs

Market Outlook
Growing demand for compliant and secure wealth management / estate planning solutions

Our strategic positioning
European market leader in privatbancassurance and selectively expanding in other geographies

Enhance Proposition
- Further enhanced proposition; increased client solution teams and senior technical roles in tax, legal and structuring

Build scalable efficient model
- Improved service levels, scalability and efficiency of business
- Material reduction in headcount and unit maintenance costs

Lombard AUM, €bn

Summary
2012 – Significant progress in transforming the business

Strategic outlook attractive: scale businesses with competitive advantage, well placed for key market trends
- Strategy focused on the right markets
- Driving delivery of our financial priorities

Sustainable dividend
- Shareholder dividend is covered by SFS and well covered by normal life company dividends
- Scrip dividend discontinued and replaced with DRIP option

Strong growth in profitable new business
- Excellent growth in UK; International strategy on track

Confident of future profitable growth

+11%
Sources and uses of cash generation

**Sources**

- **Expected return on in-force book**
  - e.g. Capital release, AMCs / charges, risk margin, maintenance costs

  +/− **Variance**
  - (non-economic)

- **Expected return on shareholder assets**

**Uses**

- **Debt costs**
- **Development costs**
- **Investment in new business**

**Sustainable free surplus**

**Improving the quantity and quality of SFS**

**Reducing the demands on SFS**

- Refinanced DCNs reduced annual demands by c.£60m...but at increased interest costs within SFS of c.£7m per annum

- ROL / RSL simplification will reduce total group costs but increase costs within SFS

- Working capital retained to cover future non-recurring and transformation costs

- Year end gearing 22% (on MCEV basis) and 17% (on IFRS basis)
### Sustainable free surplus

**Improved UK & Heritage surplus generation offset by International**

- UK & Heritage, undiscounted free surplus emergence \(^1\)
- Excludes free surplus contribution from new business written post 2012

Key drivers of future expected return

**Headwinds**
- Subdued economic environment and lower opening expected investment rates of return
- Extra debt costs in 2013
- Capital efficiencies already achieved

**Tailwinds**
- Higher opening equity markets
- Delivery of cost reduction targets
- Improved new business value from UK and International divisions

1. Based on management estimates and unaudited, relates specifically to in-force surplus only and makes no allowance for investment in new business, development costs and experience variances
Investment in new business
Focused, disciplined participations driving profitable growth

Group investment in new business

    - 2011: 28
    - 2012: 42

**Regulatory change projects**
- e.g. Auto-enrolment
- e.g. Retail Distribution Review

**UK product development**
- e.g. Annuity strategy
- e.g. Corporate platform

Development costs likely to remain high in 2013
UK & Heritage divisions cost savings
Continued operating cost reductions, actions to complete program fully embedded

Movement in UK & Heritage operating expenses

Cost savings run-rate

Achieved solely through contractualised savings
Actions to deliver remainder fully embedded

Pro forma 2011 140
Inflation 105
In-year cost savings 126
FLI 54
2012 160

£m

£m

-6%
IFRS based operating profit

Sources and uses of cash generation

Sources
- In-force surplus
  - e.g. AMCs / charges, risk margin, maintenance costs
  - +/- Principal reserving changes & one-off items
- Expected return on shareholder assets

Uses
- Debt costs
- New business strain
- Development costs
IFRS based operating profit
Higher profits in UK & Heritage divisions offset by International strategic review

</tbody>
</table>

Key drivers of in-force surplus

- Unit-linked funds under management £77bn, up 4%
  - UK division (Corporate Benefits) +16%; Lombard +9%; FPI +8%; Heritage (4%)
- Risk margin is spread income on annuity book plus insurance risk margin (mortality, morbidity, persistency, longevity)
- WP fund contribution is shareholder share of WP fund bonus plus surplus from legacy NP business written in the WP fund
- Finance costs will rise in 2013
  - Increase will be driven by higher market values of our debt c.£25m (non-cash impact)
  - Net interest impact of Nov’12 debt issue and AXA DCNs broadly offset
IFRS result after tax
Reflects the impact of market conditions and business restructuring

Group IFRS result after tax

Group non-recurring costs

1. Excluding deferred tax on amortisation of acquisition accounting adjustments

Key capabilities and benefits
- Simplification and reduced ongoing costs
- Optimised capital requirements
- Integrated financial reporting processes suitable for a Solvency II regulatory environment
- Reduced and more directly variable costs
- Targeted cost savings of £143m increased to £160m by end of 2015
MCEV operating profit
Higher profits in UK & Heritage divisions offset by International strategic review

### MCEV operating profit contribution

#### UK & Heritage divisions, £m

- **Value of new business**
  - 2011: 151
  - 2012: 194

- **Expected existing business contribution**
  - 2011: 360
  - 2012: 325

- **Operating experience variances**
  - 2011: (28)
  - 2012: (56)

- **Other operating variances**
  - 2011: 6
  - 2012: 27

- **Operating assumption changes**
  - 2011: 140²
  - 2012: (9)

#### International division, £m

- **Development costs**
  - 2011: (36)
  - 2012: (50)

#### Corporate, £m

- **Other income and charges**
  - 2011: (76)
  - 2012: (49)

- **MCEV operating profit before tax**
  - 2011: 517
  - 2012: 382

#### ROEV

- 2011: 6.5%
- 2012: 5.1%

---

1. Of the £(35)m reduction in EEBC from 2011 to 2012, £(17)m is due to debt restructuring in 2011 which resulted in a movement from Other income and charges to EEBC (net nil impact)
2. Operating assumption changes largely relating to Diligenta outsourcing
MCEV development in 2012
Reflects good operating performance and positive investment markets

Year on year movement in Net Group MCEV

- Narrowing of credit spreads: £306m
- Equity returns: £157m
- Market value of Group debt: (£303)m
- Other economic variances: (£6)m

1. Being 2011 final and 2012 interim cash dividends paid
Capital and cash
Maintaining a strong capital base

IGCA surplus and sensitivities to market movements

<table>
<thead>
<tr>
<th>£bn</th>
<th>2011</th>
<th>2012</th>
</tr>
</thead>
<tbody>
<tr>
<td>IGCA surplus</td>
<td>2.1</td>
<td>2.0</td>
</tr>
<tr>
<td>Group capital resources requirement (excluding WPICC)</td>
<td>1.9</td>
<td>1.8</td>
</tr>
</tbody>
</table>

Coverage ratio:
- 219% (2011)
- 214% (2012)

IGCA surplus sensitivities to market movements, £bn

- 200 bps increase in corporate bond spreads: (0.4)
- 200 bps fall in interest rates across the yield curve: (0.2)
- 40% fall in equity markets: (0.1)

Capital base remains resilient to market movements

Inclusion of Resolution Limited assets and liabilities (post simplification of governance structure) would result in a pro forma IGCA surplus of £2.2bn (coverage ratio of 221%)

RSL Available shareholder cash of £850m (pre dividend proposed)

Economic capital surplus

At 31 December 2012, estimated FLG surplus on an economic capital basis was £3.4bn (coverage ratio of 182%)

1. Total capital is the sum of IGCA surplus and Group capital resource requirements (excluding WPICC); 2012 WPICC: £3.4bn (2011: £2.9bn); coverage ratio excludes WPICC
2. Estimated unaudited position
Balance sheet
Maintaining a robust, low-risk balance sheet

### Remarks
- FLG Cash Generation:
  - £400m from sustainable sources in medium term
  - £200m reduction by 2013
  - £126m of cost reductions by 2013
  - £160m of cost reductions by 2015
  - FPI: £20m for 2013 (due spring 2014)
  - Lombard: cumulative £37m by spring 2015; £30m pa thereafter
  - 10%+ in medium term

- FLG operating ROEV:
  - £80m, £(30)m 20%
  - £25m, £(75)m 10%+
  - £50m 15%+
  - 15%+

- Timescale extended due to economic headwinds
- Good progress
- Delivered
- Steady progress made following strategic review
- On track
Summary

Significant progress in transforming the business

Strategic outlook attractive: scale businesses with competitive advantage, well placed for key market trends

- Strategy focused on the right markets
- Driving delivery of our financial priorities

Sustainable dividend

- Shareholder dividend is covered by SFS and well covered by normal life company dividends

Strong growth in profitable new business

- Excellent growth in UK; International strategy on track

Financial delivery in 2012

Sustainable free surplus

- Improving quality and quantity of surplus generation

IFRS based operating profit

- Strong UK & Heritage performance

MCEV operating profit

- Strong UK VNB performance as the strategy is delivered

Operating expenses and cost savings

- Good progress on reducing UK & Heritage cost base
- On track to deliver targeted cost savings run-rate

Balance sheet and capital

- Robust and low-risk balance sheet
- Scrip dividend discontinued and replaced with DRIP option
- Dividend 117% covered by cash remitted to Group

2011 Strategic review

Establish robust governance and management
- Ensure sustainable and independent governance and management

Focus new business on sustainable value
- Market strategy
- Proposition choice
- Contribution from International

Optimise operating model
- Clear product strategy
- Operating platforms established
- Outsourcing and synergies

Clear financial targets
- Increase cash returns to shareholders
- Increase return on products and invested capital

As presented in 2011
Sustainable business focused on cash
Phasing for the UK Life Project

- Acquire well
- Establish strong governance and management
- Focus new business on sustainable value not volume
- Optimise operating model
- Deliver expense synergies
- Deliver financial synergies
- Rationalise business
- Value maximisation / return to long term owners
- Optimise leverage and cash flow

M&A execution | Optimised business model | Value delivery
Summary

- UK Life market
  - Better cash / capital accountability
  - Defined new business profit pool
  - Back books recognised as asset class

- Resolution operating well
  - Experienced team in place
  - Normalised structure
  - Good delivery against 2011 strategy / momentum

- Board and management remain fully aligned
  - Retained focus on cash and capital
  - Selective new business where profitable
  - Securing maximum value from each part of the Group
